

## Summary of discussion on the enhancement of ANTEP implementation

The meeting agreed on how to enhance ANTEP implementation as follows:

1. HRD Project Leaders should:

- (1) review the needs to be consistent with their national nuclear programs and priorities before submitting the needs.
- (2) communicate closely with focal point of MEXT Researcher Exchange Program to have a better matching between national needs and programs.
- (3) make every effort in compromising needs with programs through the assistance of ANTEP secretariat
- (4) find a way to secure funding, such as
  - increasing in-kind contribution of member countries, such as provision of free accommodation and daily allowance
  - providing fellowships by member countries to use ANTEP
- (5) indicate successful cases in the next ministerial level meeting and HRD workshop

2. ANTEP secretariat should:

- (1) survey programs and needs regularly
- (2) improve survey of programs and needs using better format
- (3) coordinate/adjust programs and needs with Project Leaders,

3. For the cooperation between ANTEP and IAEA's ANENT, the following measures were proposed to be explored:

- (1) Cross participation in major meetings, such as annual meetings, joint seminars
- (2) Sharing of information on training courses/materials, and FNCA HRD database toward nuclear power.
- (3) Dispatch of experts to participate in IAEA's "Assist Visit" from FNCA
