

**Updated Consolidated Report
on
Radioactive Waste Management
in FNCA Countries**

March 2007

**Radioactive Waste Management Project Group
Forum for Nuclear Cooperation in Asia**

Contents

1. Preface	1
2. Framework of Regional Cooperation under FNCA	3
3. Radioactive Waste Management (RWM) Status in FNCA Countries	7
3.1 Radioactive Waste Management (RWM) Status in Australia	7
3.1.1 Australian Regulatory Framework	7
3.1.2 Criteria Used to Define and Characterise Radioactive Waste	8
3.1.3 Radioactive Waste Management Facilities	9
3.1.4 Nuclear Facilities being Decommissioned	10
3.1.5 Australian Uranium Industry and the Management of NORM Waste	10
3.1.6 Inventory of Radioactive Wastes (RW)	10
3.1.7 Future of Radioactive Waste Disposal in Australia	11
3.2 Radioactive Waste Management (RWM) in China	13
3.2.1 RWM Policy	13
3.2.2 RWM Practice	14
3.2.3 Criteria Used to Define and Categorize Radioactive Waste	18
3.2.4 RWM facilities	21
3.2.5 Inventory of Radioactive Wastes	22
3.2.6 Nuclear Facilities in the Process of being Decommissioned And the Status of Decommissioning Activities at those Facilities	22
3.3 Radioactive Waste Management (RWM) in Indonesia	24
3.3.1 Radioactive Waste Management Policy	24
3.3.2 Radioactive Waste Management Practices	26
3.3.3 Criteria Used to Define and Categorize Radioactive Waste	35
3.3.4 Radioactive Waste Management Facilities	37
3.3.5 Inventory of Radioactive Wastes (RW)	38
3.3.6 Present Status of Research Reactor Decommissioning Program	39
3.4 Radioactive Waste Management (RWM) in Japan	
3.4.1 National Policy for Radioactive Waste Management	41
3.4.2 Practice of Radioactive Waste Management	42
3.4.3 Criteria Used to Define and Categorize Radioactive Waste	48
3.4.4 Radioactive Waste Management Facilities	49
3.4.5 Inventory of Radioactive Wastes (RW)	52
3.4.6 Nuclear Facilities in the Process of being Decommissioned and the Status of Decommissioning Activities at those Facilities	54
3.4.7 Clearance	58

3.5 Radioactive Waste Management (RWM) in Korea	61
3.5.1 RWM Policy	61
3.5.2 RWM Practices	62
3.5.3 Criteria Used to Define and Categorize Radioactive Waste	65
3.5.4 RWM facilities	66
3.5.5 Inventory of Radioactive Wastes (RW)	72
3.5.6 Nuclear Facilities in the Process of being Decommissioned and the Status of Decommissioning Activities at those Facilities	73
3.6 Radioactive Waste Management (RWM) in Malaysia	74
3.6.1 RWM Policy	74
3.6.2 RWM Practices	76
3.6.3 Criteria Used to Define and Categorize Radioactive Waste	79
3.6.4 RWM facilities	81
3.6.5 Inventory of Radioactive Wastes (RW)	82
3.6.6 Nuclear Facilities in the Process of being Decommissioned and the Status of Decommissioning Activities at those Facilities	83
3.7 Radioactive Waste Management (RWM) in the Philippines	89
3.7.1 National Policy for Radioactive Waste Management	89
3.7.2 RWM Practices	90
3.7.3 Criteria Used to Define and Categorize Radioactive Waste	91
3.7.4 Radioactive Waste Management Facilities	92
3.7.5 Inventory of Radioactive Wastes (RW)	94
3.7.6 Nuclear Facilities in the Process of being Decommissioned and the Status of Decommissioning Activities at those Facilities	95
3.8 Radioactive Waste Management (RWM) in Thailand	96
3.8.1 RWM Policy	96
3.8.2 RWM Practices	97
3.8.3 Criteria Used to Define and Categorize Radioactive Waste	102
3.8.4 RWM facilities	104
3.8.5 Inventory of Radioactive Wastes (RW)	109
3.8.6 Nuclear Facilities in the Process of being Decommissioned and the Status of Decommissioning Activities at those Facilities	111
3.9 Radioactive Waste Management (RWM) in Vietnam	112
3.9.1 RWM Policy	112
3.9.2 RWM Practices	112
3.9.3 Criteria Used to Define and Categorize Radioactive Waste	116
3.9.4 RWM Facilities	116
3.9.5 Inventory of Radioactive Wastes (RW)	119
3.9.6 Nuclear Facilities in the Process of being Decommissioned and the Status of Decommissioning Activities at those Facilities	119

4. Activities & Achievements	121
4.1 The Background of the Activities and the Present Targets	121
4.2 The Activities for the Year 2007	124
4.3 The FNCA 2006 Workshop	125
4.4 Proposed Activities in and after the Workshop in China	127
4.5 Future Corporation Activities in the Area of RWM	127
5. Postscript	129
The Contributor List	130

Attachment-1: Three-Year Work Plan (2005-2007) on
FNCA Radioactive Waste Management

Attachment-2: List of Project Leaders (as of March 2007)
FNCA Radioactive Waste Management (RWM)

Attachment-3: List of the Participants
The FNCA 2006 Workshop on
Radioactive Waste Management
